...HUNTER'S SCHOOL FOR BOYS...

COLLEGE PREPARATORY.

70½ North Broad St., ATLANTA, GA.

B. T. HUNTER, A. M., PRINCIPAL.

Course of study comprehensive and thorough, preparing young men for college or for the practical pursuits of life.

Room large, airy and accessible; furniture new and neat; chemical and physical apparatus; cabinet of minerals, botanical collections, charts, globes, maps, and other appliances for effective work.

The long experience of the Principal in the preparation of boys for the University of Georgia, the uniformly high standing of his pupils in college, and their success in after years, fully warrant him in thus presenting the advantages of his School, and the benefits derived from his personal training.

The discipline of the School is such as will commend itself to the careful consideration of thoughtful parents.

ATLANTA UNIVERSITY,

ATLANTA, GA.

TO STUDENTS:

ATLANTA UNIVERSITY offers an education in Collegiate and Normal Courses, together with industrial training in Carpentry, Blacksmithing, Printing, Cooking, Sewing, Dressmaking and Nursing, at a total cost of from $92 to $96 a year for each student, including furnished room and board for eight months.

TO CAPITALISTS:

The education which Atlanta University gives to the needy people of the South, renders your investments in this region more secure, increases the demand for the merchandise which you desire to sell, and renders more intelligent and efficient the labor that you employ. An endowment of at least $500,000 is needed to put the institution on a secure and permanent basis.

INTRODUCTION.

In writing the introduction to volume XXI of the Atlanta City Directory, we have the painful duty of noting the death of Mr. H. G. Saunders, who for ten years has compiled and edited the Directory, and who, as Secretary of the Atlanta Chamber of Commerce, and in many other ways, was intimately associated and identified with the business life of our city.

The management of the 1897 edition of the work has fallen upon his late business associate and partner, who has used his utmost endeavors to make the new edition as complete, accurate and up to date as the previous issues to which our patrons have become accustomed. The same pains and care have been expended, and the same force employed, therefore, we confidently trust our friends will find the same volume with the exception of the added pages, made necessary by the very gratifying increase of the city's population.

It was freely predicted that the city would experience a period of stagnation after the close of the Cotton States and International Exposition. This prediction has happily failed, as is evidenced by the favorable reports from all quarters, the very gratifying results of the city's census for the postal authorities, which was confined strictly to the corporate limits, and which has caused our postoffice to be ranked in the first class by the United States Postoffice Department, and of the census taken in connection with the canvass for the City Directory, which embraces every person having active business association with our city. The new Directory contains 34,740 names, which shows a population of 117,864 persons directly interested, drawing their sustenance from, and contributing to the upbuilding of the city of which we are all so justly proud.

The Building Inspector's report for the year just passed shows that three hundred and sixty residences have been erected. While some of these, of course, have taken the place of others burned or removed, still the increase is most gratifying to our civic pride, especially as the Directory shows no increase in the number of houses reported unoccudied.

We are able also to congratulate our patrons and friends upon such an increase in the number and improvement in the quality of office buildings and business blocks erected or in course of construction as no other similar period of our city's history can show.

We wish to thank our patrons for the generous treatment we have received, and to assure them that it will be our constant pride and endeavor to keep the Atlanta City Directory up to the high standard set by the late Mr. Saunders.

V. V. Bullock, Manager.

Hermitage Heights Pasturage.

The Hermitage Heights Pastures contain 200 acres of BLUE GRASS, CLOVER and BERMUDA GRASS, interspersed with beautiful running streams, and is unexcelled in this section of the country. A specialty is made of Veterinary Treatment, and the Pasturage has the added advantage of the constant attendance of a Veterinary specialist, who has had thirty-five (35) years' experience in the U. S. Cavalry. Horses are pastured, and if necessary, treated for every conceivable ailment (except those of a contagious nature), on very reasonable terms.

A large number of Box Stalls are furnished.

In special cases, arrangements are made to pasture horses at night, obviating the possibility of color being changed or darkened by two much exposure to mid-day sun.

Treatment of Contracted Feet is a specialty. We have in use "Pasture Tips" or "Slippers," which are scientifically applied according to the usage of the best Veterinary Universities

In fact, our Veterinary Department is supplied with every appliance for treating all classes of complaint in Horses, (except those of a contagious nature, which we invariably decline), and our experience covers every disease known to the Equine anatomy.

We also take horses by agreement to feed night and morning.

Thorough Breaking for Saddle or Harness executed by careful and scientific methods.

If your horse shows temper or even undue restiveness, send him to us. We can correct his faults.

If your horse is lame, or suffering from any other disability we can help and probably cure him.

STREET DIRECTORY

EXPLANATION.

In the following list it will be observed that all Streets, Avenues, etc., are arranged in alphabetical order, with name of occupant found at each number. The name of each street is given, showing what other streets and places run from it or across it, at the point at which they intersect.

The Union Depot on Wall Street, from Loyd to Pryor, is the central point of the city.

The following are the central streets from which others are numbered: Decatur and the W. & A. R. R., and West Peachtree and Whitehall.

DO . . . YOU KNOW

That there is on the market a $35.00 typewriter, which is, in every essential particular, equal to any $100.00 machine? If you do not, do not

MISS

The first opportunity you have, but examine the machine and you will understand why it equals any of the high-priced ones, and excels them all in convenience. Every detail is carefully carried out, and every machine is furnished with a

BELL

That warns you when you are near the end of each line. It has a graduated line space, which enables you to write on ruled paper, changeable type, etc. The

BLICKENSDERFER

Commends itself to all professional and business men, teachers, traveling men, (weight only six pounds), and to

THE TYPEWRITER OPERATOR

Who has been accustomed to use the so called standard machines.

K. M. TURNER,

General Southern Agent,

No. 918 F. St., N. W., WASHINGTON, D. C.
Daily Record Building, BALTIMORE, MD.

No. 18 Wall St. (Kimball House,)
ATLANTA, GA.

I pay special attention to all classes of typewriting work.
Competent stenographers always ready to answer calls.

(OVER

"An Evolution in Typewriters."

Have You Money to Burn?
If you have, pay $100.00 for a typewriter.

LET ME SAVE YOU $65.00.

Send for a sample of the work done on the

Blickensderfer Typewriter

And compare with that done on any $100 machine.

Its More Rapid.

Its Simpler.

Is Easier to Learn.

Its More Durable.

It Does Better Manifold Work.

Its a BETTER Machine.

PRICE, $35.00.

Send for a copy of "WHAT THEY SAY."
Second-hand machines of all kinds at low prices.

Pasturage for Horses.

VETERINARY TREATMENT.

Five Seperate Pastures, Running Water, Blue Grass, Clover, Bermuda Grass. All disabilities helped and lame horses cured.

BREAKING TO SADDLE OR HARNESS.

Hermitage Heights Pasturage.

The Hermitage Heights Pastures contain 200 acres of BLUE GRASS, CLOVER and BERMUDA GRASS, interspersed with beautiful running streams, and is unexcelled in this section of the country. A specialty is made of Veterinary Treatment, and the Pasturage has the added advantage of the constant attendance of a Veterinary specialist, who has had thirty-five (35) years' experience in the U. S. Cavalry. Horses are pastured, and if necessary, treated for every conceivable ailment (except those of a contagious nature), on very reasonable terms.

A large number of Box Stalls are furnished.

In special cases, arrangements are made to pasture horses at night, obviating the possibility of color being changed or darkened by two much exposure to mid-day sun.

Treatment of Contracted Feet is a specialty. We have in use "Pasture Tips" or "Slippers," which are scientifically applied according to the usage of the best Veterinary Universities

In fact, our Veterinary Department is supplied with every appliance for treating all classes of complaint in Horses, (except those of a contagious nature, which we invariably decline), and our experience covers every disease known to the Equine anatomy.

We also take horses by agreement to feed night and morning.

Thorough Breaking for Saddle or Harness executed by careful and scientific methods.

If your horse shows temper or even undue restiveness, send him to us. We can correct his faults.

If your horse is lame, or suffering from any other disability we can help and probably cure him.

Seperate Pastures for Milk Cows or Fine Dairy Stock.
